Core Programs

The Club offers programs in five core program areas:

- **Character & Leadership Development**, empowering youth to support Club & community, sustain meaningful relationships, develop positive self-image and respect cultural identities.
- **Education & Career Development**, providing opportunities for proficient learning, with application to everyday situations, embracing technology to optimize futures.
- **Health & Life Skills**, developing capacity to nurture well being, set personal goals, and develop competences to live successfully.
- **The Arts**, developing creativity and cultural awareness, through knowledge & appreciation.
- **Sports, Fitness & Recreation**, enhancing life skills, expanding appreciation for the environment & social activity.

Youth Development

Club programs and services promote & enhance the development of children by instilling:

- **A Sense of Competence**, the feeling there's something a boy and girl can do, and do well.
- **A Sense of Usefulness**, the opportunity to do things of value for others.
- **A Sense of Belonging**, a place where a child knows he or she "fits" and is accepted.
- **A Sense of Influence**, a chance to be heard and to influence decisions.
